

160-4-2-.03 LIST OF STATE-FUNDED K-8 SUBJECTS AND 9-12 COURSES FOR STUDENTS ENTERING NINTH GRADE PRIOR TO 2008.

(1) REQUIREMENTS.

(a) Local boards of education shall not receive state funds for the following:

1. Any course for which the course guide does not allocate a major portion of class time towards the development of one or more student competencies established by the Georgia Board of Education. (See State Board of Education Rule 160-4-2-.01 The Quality Core Curriculum and Student Competencies.)

2. Any course that requires participation in an extracurricular activity and for which enrollment is on a competitive basis.

3. Any class period in which the student serves as an assistant in a school office or in the media center, except when such placement is an approved work learning site of a recognized career or vocational program.

4. Any study hall or other noncredit course.

(b) Local boards of education may apply for state funding for courses not on this list using DE Form 0287 Local School System Request for Addition to Rule 160-4-2-.03 List of State-Funded K-8 Subjects and 9-12 Courses. The forms are posted on the Standards, Instruction, and Assessment webpage.

(c) New course additions will be considered each year by the State Board of Education. DE Form 0287 must be submitted to the Department by June 1 each year.

(d) The courses attached to this rule shall become effective at the beginning of school year 2011-2012.

(e) Local boards of education shall receive state funds for the following courses.

Authority O.C.G.A. §20-2-140; 20-2-141; 20-2-142; 20-2-151.1(a), (b); 20-2-160.

Adopted: January 20, 2011

Effective: February 10, 2011

COURSE NUMBERING EXPLANATION

The course numbers are related to the national Classification of Instructional Programs (CIP) index.

Appendix A contains the list of all state-funded subjects for kindergarten through the eighth grade and courses earning Carnegie unit credit.

Assigning correct numbers as students register for courses ensures that accurate data are gathered by the Department. Such data identify the number and program designations of students involved in all state-funded courses.

The process for assigning a number to subjects or courses is as follows:

- (1) Determine the needs of each student. This process will involve knowing whether the student is to participate in special programs with specific guidelines.
- (2) Identify the appropriate subject or course for each student. The course numbers precede the title of the subject or course. There must be a valid number assigned as prescribed in this rule for each course that a student takes for which the local school systems received state funding.
- (3) Select numbers from the subject and course list. The **whole number** identifies the discipline or content area. The **first digit to the right of the decimal** identifies the type of instruction for each student in a particular subject or course. Local school systems determine the appropriate number for the first digit to the right of the decimal using the options stated on pages 3 through 6. In the following list, a 0 is placed as the first digit to the right of the decimal. Exceptions are a 3 designating a Virtual High School course, a 4 designating a one hour lab course, a 5 designating a two hour lab course, and a 6 designating a three hour lab course. The **second, third, and fourth digits to the right of the decimal** are static. The **fifth digit to the right of the decimal** will generally be a zero. However, local school systems should refer to pages 6 through 8 to determine if other digits should be used. The sixth and seventh digits to the right of the decimal are for local school system use. A total of nine digits (a two digit whole number and seven digits to the right of the decimal) must be given for each course. The following list includes seven of the nine required digits. As stated above, local school systems will either add two zeros for the last two digits or use other locally identified digits.

The position of the nine numbers is as follows:

12.3456789

The **two digit whole number** to the LEFT of the decimal designates the main subject area field.

EXAMPLES: 27.0000000 = MATHEMATICS
49.0000000 = MANUFACTURING SCIENCES
53.0000000 = MUSIC

The **first numerical digit** to the RIGHT of the decimal identifies the type of instruction.

EXAMPLE: 53.0000000 = MUSIC, GENERAL CLASSROOM INSTRUCTION

The options for the first numerical digit to the right of the decimal are explained below.

XX.0 0 = GENERAL INSTRUCTION

A 0 as the first numerical digit to the right of the decimal indicates general instruction.

A 0 means that the course is taught in a traditional or regular classroom setting.

XX.1 1 = REMEDIAL INSTRUCTION

A 1 as the first numerical digit to the right of the decimal indicates that the student taking the course is identified as a participant in either the grades K-5 Early Intervention Program (EIP) or the grades 6-12 Remedial Education Program (REP). State Board of Education Rules 160-4-2-.17 EARLY INTERVENTION PROGRAM (EIP) and 160-4-5-.01 REMEDIAL EDUCATION PROGRAM identifies the eligibility requirements for students receiving EIP or REP instruction. The EIP provides an intervention program for students in grades K-5 who are at risk of not reaching or maintaining academic grade level in English language arts and/or mathematics in Kindergarten and in reading and/or math for grades 1-5. The REP provides a remedial educational program designed for students in grades 6-12 who have identified deficiencies in reading, writing, and/or math. Consequently, a 1 in the first numerical digit to the right of the decimal is valid ONLY for EIP or REP served students at these grade levels.

XX.2 2 = GIFTED INSTRUCTION

A 2 as the first numerical digit to the right of the decimal indicates that the student taking the course is identified as a participant in Gifted Education. State Board of Education

Rule 160-4-2-.38 Educational Program for Gifted Students describes the requirements necessary for students participating in the Gifted Education program. Courses for gifted students include mathematics, science, English/language arts, social studies, foreign languages, fine arts, and technology/career education. The approved delivery models for Gifted Education services are described in the *Department of Education Resource Manual for Gifted Education Programs*.

XX.3 3 = DISTANCE LEARNING

A 3 as the first numerical digit to the right of the decimal indicates that students taking the course are doing so in a distance learning classroom setting. Distance learning can be through interactive telecommunications, virtual high school on-line courses, or any other setting when the instruction is delivered and received through electronic communication means. The courses listed with a 3 in the first digit to the right of the decimal in the following list are Virtual High School courses.

XX.4 4 = ONE HOUR LAB

A 4 as the first numerical digit to the right of the decimal indicates that students are taking the course as a one-hour lab class.

Vocational labs are state-approved vocational courses. Descriptions for vocational labs are found in FTE Program Codes and Weights. Vocational labs include the following criteria:

- a. Replacement costs of equipment and materials are at least 50 percent higher than those needed for a general education class except for cooperative work-study labs.
- b. Students spend a minimum of 25 percent of the instructional time in “hands-on” activities.

- c. Students are enrolled in grades 9-12.

XX.5 5 = TWO HOUR LAB

A 5 as the first numerical digit to the right of the decimal indicates that students are taking the course as a two-hour lab class.

Vocational labs are state-approved vocational courses. Descriptions for vocational labs are found in FTE Program Codes and Weights. Vocational labs include the following criteria:

- a. Replacement costs of equipment and materials are at least 50 percent higher than those needed for a general education class except for cooperative work-study labs.
- b. Students spend a minimum of 25 percent of the instructional time in “hands-on” activities.

- c. Students are enrolled in grades 9-12.

XX.6 6 = THREE HOUR LAB

A 6 as the first numerical digit to the right of the decimal indicates that students are taking the course as a three-hour lab class.

Vocational labs are state-approved vocational courses. Descriptions for vocational labs are found in FTE Program Codes and Weights. Vocational labs include the following criteria:

- a. Replacement costs of equipment and materials are at least 50 percent higher than those needed for a general education class except for cooperative work-study labs.
- b. Students spend a minimum of 25 percent of the instructional time in “hands-on” activities.

- c. Students are enrolled in grades 9-12.

XX.7 7 = WORK-BASED LEARNING (WBL)

The system for assigning course numbers to students enrolled in Work-Based Learning is a unique coding process applicable to these numbers only. Other course numbering conventions, including the previous descriptions for coding of the first digit past the decimal in other course numbers, should not be applied to these work-based learning numbers. The following chart indicates the numbering convention that applies only to these work-based learning numbers. Criteria for placement of students in these courses may be found in the Standards and Guidelines available from the Career, Technical, and Agricultural Education Division.

A 7 as the first numerical digit to the right of the decimal indicates that students taking the course are participating in a work based learning program. State Board of Education Rule 160-4-3-.13 CAREER RELATED EDUCATION describes the requirements necessary for students to participate in the work-based learning program that include only students in grades 10-12.

Work-based programs may be designated in each CTAE pathway using the chart below. The five digits to the right of the decimal used in conjunction with the 7 will be applied to the two digit whole number that indicates the Program CIP code number. Using this system, student enrollments are possible in all CTAE pathways for up to 3 credits in each WBL placement. Following are two examples of course numbers utilizing this numbering system:

07.711500 Business and Computer Science WBL Placement
 (This number may be used for an 11th grade student who is enrolled in or has completed the necessary course(s) in a Business and Computer Science pathway for a first time, 2 hour or 2 credit WBL placement).

21.721400 Engineering and Technology WBL Placement
 (This number may be used for an 12th grade student who is enrolled in or has completed the necessary course in an Engineering and Technology pathway for the second year, 1 hour or 1 credit WBL placement).

CIP #	Program Area	Year	Semester	Hours
XX.711400	Concentration/Pathway Title	Year one	Semester one	One hour
XX.712400	Concentration/Pathway Title	Year one	Semester two	One hour
XX.711500	Concentration/Pathway Title	Year one	Semester one	Two hour
XX.712500	Concentration/Pathway Title	Year one	Semester two	Two hour
XX.711600	Concentration/Pathway Title	Year one	Semester one	Three hour
XX.712600	Concentration/Pathway Title	Year one	Semester two	Three hour
XX.721400	Concentration/Pathway Title	Year two	Semester one	One hour
XX.722400	Concentration/Pathway Title	Year two	Semester two	One hour
XX.721500	Concentration/Pathway Title	Year two	Semester one	Two hour

XX.722500	Concentration/Pathway Title	Year two	Semester two	Two hour
XX.721600	Concentration/Pathway Title	Year two	Semester one	Three hour
XX.722600	Concentration/Pathway Title	Year two	Semester two	Three hour

**XX.8 8 = GENERAL EDUCATION COURSE IN A
SPECIAL EDUCATION SETTING**

An 8 as the first numerical digit to the right of the decimal indicates the students are students whose Individualized Education Program (IEP) has placed them in a general education course but in a special education setting and are being taught by a certified special education teacher. Students in these classes are earning Carnegie unit credit.

Note: The number 90.XXXXXXX is used for any course determined by a student’s Individualized Education Plan (IEP) and taught by a special education teacher. Carnegie unit credit is not given for those courses and the seven digits to the right of the decimal may be used as the school system wishes, such as, to identify semester, class period, teacher, etc.

**XX.9 9 = GENERAL EDUCATION COURSE IN A
GENERAL EDUCATION SETTING WITH
SPECIAL EDUCATION SUPPORT**

A 9 as the first numerical digit to the right of the decimal indicates the students are students whose Individualized Education Program (IEP) has placed them in a general education course in a general education setting but with a specified amount and model of special education support listed on the IEP. Students are taught by a certified general education teacher and also receive the identified IEP support by the appropriately certified special education personnel. Students in these classes are earning Carnegie unit credit.

Note: In accordance with guidance issued by the United States Department of Education, Office for Civil Rights on October 17, 2008, transcripts may not contain information disclosing students’ disabilities. Therefore, course numbers that identify students as students with disabilities must not be printed on transcripts. Course numbers including .8 and .9 or a 90 prefix should not appear on student transcripts.

Below is a summary for the first digit to the right of the decimal.

- XX.0 0 = GENERAL**
- XX.1 1 = REMEDIAL**
- XX.2 2 = GIFTED**
- XX.3 3 = DISTANCE LEARNING**
- XX.4 4 = ONE HOUR LAB**
- XX.5 5 = TWO HOUR LAB**
- XX.6 6 = THREE HOUR LAB**
- XX.7 7 = WORK-BASED LEARNING**

- XX.8 8 = GENERAL EDUCATION COURSE IN A SPECIAL EDUCATION SETTING**
- XX.9 9 = GENERAL EDUCATION COURSE IN A GENERAL EDUCATION SETTING WITH SPECIAL EDUCATION SUPPORT**

The **second numerical digit** to the right of the decimal identifies the minor subject area.

EXAMPLE: 53.06XXXXX = MUSIC
ETHNIC AND FOLK

The **third numerical digit** to the right of the decimal identifies the specific course or subject.

EXAMPLE: 53.063XXXX = MUSIC
General Instruction
ETHNIC AND FOLK
Jazz
Jazz/Grade 8

The **fourth numerical digit** to the right of the decimal further identifies the type of course or subject.

EXAMPLE: 53.0641XXX = MUSIC
General Instruction
ETHNIC AND FOLK
Jazz
Beginning Jazz I

The **fifth numerical digit** to the right of the decimal reserves 0 and 1 for use by the Department. **A 0 is always used as the fifth numerical digit to the right of the decimal unless one of the following descriptions for the use of digits 2 through 9 apply.**

XX.XXXX2XX = LOCALLY FUNDED

A **2** as the fifth numerical digit to the right of the decimal indicates that the course is funded using local funds not state funds.

XX.XXXX3XX = CREDIT IN LIEU OF ENROLLMENT

A **3** as the fifth numerical digit to the right of the decimal indicates that students receive credit for a course in which they are not enrolled. Such instances would require a local policy that must be met in order for a student to receive credit without enrolling in the course. (For example, a student whose native language is not English could be given one or two Carnegie unit credits for foreign language if he/she can demonstrate proficiency in that language. A local system could use an end of Level I or II test or a proficiency test of its choice.)

XX.XXXX4XX = DUAL ENROLLMENT CREDIT

A **4** as the fifth numerical digit to the right of the decimal indicates that the students receive credit for the course while taking it for dual enrollment credit at a postsecondary public or private institution. Students participating in dual enrollment must adhere to the requirements found in State Board of Education Rule 160-4-2-.34 DUAL ENROLLMENT. Funding for dual enrollment course participation is provided through FTE, the Accel program, or the Hope Grant program. Refer to the Georgia Student Finance Commission web site for the Accel Program Course Directory for approved college courses, listed by college, for dual enrollment purposes and for additional information on funding and eligibility. Refer to the Career, Technical and Agricultural Education (CTAE) Dual Enrollment Course Directory for college courses approved for dual enrollment purposes located on the Georgia Department of Education CTAE web site.

Note: Each college determines availability of courses and acceptance of credit.

XX.XXXX5XX = JOINT ENROLLMENT CREDIT

A **5** as the fifth numerical digit to the right of the decimal indicates that the students are enrolled in postsecondary coursework with an eligible postsecondary institution while continuing to pursue his or her high school diploma, but the student's high school has not agreed to accept the postsecondary coursework as credit toward the student's high school graduation requirements. Students participating in joint enrollment must adhere to the requirements found in State Board of Education Rule 160-4-2-.16 Scheduling for Instruction and Rule 160-4-2-.34 Dual Enrollment. Students are responsible for funding Joint Enrollment participation.

XX.XXXX6XX = OUT-OF-STATE PUBLIC SCHOOL CREDIT

A **6** as the fifth numerical digit to the right of the decimal indicates that students receive credit for the course taken at a public school, accredited and nonaccredited, out-of-state. State Board of Education Rule 160-5-1-.15 Acceptance of Transfer Credit and/or Grades provides additional guidelines for assigning credit.

XX.XXXX7XX = IN-STATE AND OUT-OF-STATE PRIVATE SCHOOL CREDIT

A **7** as the fifth numerical digit to the right of the decimal indicates that students receive credit for the course taken at a private school, accredited and nonaccredited, out-of-state. State Board of Education Rule 160-5-1-.15 Acceptance of Transfer Credit and/or Grades provides additional guidelines for assigning credit.

XX.XXXX8XX = OUT-OF-USA CREDIT

An **8** as the fifth numerical digit to the right of the decimal indicates students receive credit for the course taken at a school outside the United States of

America. State Board of Education Rule 160-5-1-.15 Acceptance of Transfer Credit and/or Grades provides additional guidelines for assigning credit.

XX.XXXX9XX = HOME SCHOOL CREDIT

A **9** as the fifth numerical digit to the right of the decimal indicates that the students receive credit for the course taken at a home school.

Summary of options for the fifth digit to the right of the decimal:

- 23. 06100XX = **RESERVED FOR STATE USE**
- 23. 06101XX = **RESERVED FOR STATE USE**
- 23. 06102XX = **LOCALLY FUNDED**
- 23. 06103XX = **CREDIT IN LIEU OF ENROLLMENT**
- 23. 06104XX = **DUAL ENROLLMENT CREDIT**
- 23. 06105XX = **JOINT ENROLLMENT PRIVATE INSTITUTION CREDIT**
- 23. 06106XX = **OUT-OF-STATE PUBLIC SCHOOLS CREDIT (ACCREDITED AND NONACCREDITED)**
- 23. 06107XX = **PRIVATE (IN-STATE AND OUT-OF-STATE) SCHOOL CREDIT (ACCREDITED AND NONACCREDITED)**
- 23. 06108XX = **OUT OF U.S.A. CREDIT**
- 23. 06109XX = **HOME SCHOOL CREDIT**

EXAMPLE: 53.06417XX = MUSIC
General Instruction
ETHNIC AND FOLK
Jazz
Beginning Jazz I
COURSE TRANSFERRED FROM A PRIVATE SCHOOL

The **sixth and seventh numerical digits** to the right of the decimal are reserved for local system use. Zeros should be used in the two digits unless the local system chooses to use them.

EXAMPLE: 53.0641000 = MUSIC
General instruction
ETHNIC AND FOLK
Beginning Jazz I
**FIFTH DIGIT RESERVED FOR STATE USE.
SIXTH AND SEVENTH DIGITS RESERVED
FOR LOCAL SCHOOL SYSTEM USE**

SUMMARY OF NUMBERING SYSTEM

Of the 9 digits in the course numbers to the right of the decimal, seven are reserved for state use and the final two are assigned for local system use.

[X X . X X X X X] [X X]
STATE USE LOCAL USE

EXAMPLE: **53.XXXXXXX = MUSIC (Main Subject Area)**
.0XXXXXX = GENERAL INSTRUCTION (Type of Instruction)
.X6XXXXX = ETHNIC AND FOLK (Further defines subject)
.XX3XXXX = JAZZ/GRADE 8 (Further defines course)
.XXX0XXX = FURTHER DEFINES COURSE OR SUBJECT
**.XXXX0XX = RESERVED FOR STATE USE; LOCALLY FUNDED;
AND TRANSFERRED CREDIT**
.XXXXX00 = RESERVED FOR LOCAL SYSTEM USE

The CIP numbering system does not ensure that the numbers within a given subject are consecutive. For example, 26 designates Life Science and 40 designates Physical Sciences. The numbers are grouped by subject area on the list rather than numerically.

The course list also provides information regarding required (r), core (c), and elective (e) credit options for College Preparatory (CP) and Technology/Career Preparatory (T/CP) high school diplomas. Refer to State Board of Education high school graduation rules for clarification regarding course requirements, core courses, and electives.
